

# TOP MULTI

**Organic Life Vitamins® (OLV)**—the liquid that introduced the multinutrient category

- **Organic aloe vera**

This functional food contains more than 200 amino acids, vitamins, antioxidants, minerals, enzymes and sterols. Aloe is an integral part of Traditional Chinese and Ayurvedic Medicine. OLV includes biologically active organic ACTiValoe®, giving you 4.5 g of aloe vera in each serving.

- **24 organic veggies and fruits**

Includes organic superfruits noni, açai, goji and pomegranate, along with organic antioxidant veggies, sprouts and fruits.

- **Vitamins and minerals**

In addition to key vitamins, each serving of OLV contains 450 mg of ConcenTrace® full-spectrum trace mineral complex.

- **Multinutrient**

OLV incorporates amino acids, MSM (OptiMSM®), chromium (Chromax® chromium picolinate) and selenium (Selenium SeLECT®).

- **Organic flavors**

OLV is flavored with organic raspberry and cranberry and sweetened with organic stevia and organic agave.

**Organic Life Vitamins** is an energy-packed **multi-nutrient**—*more* than a multi-vitamin. *Organic Life Vitamins* is a **liquid revolution** in daily nutrition—a new generation in multis! It's a convenient, great-tasting and economical way to get premium nutrition your body can use every day.

## The Liquid Revolution

No matter how good the vitamin or mineral supplements are that you start with, they are only as good as they are *bioavailable*. Supplements must be absorbed and *assimilated into the body* and be *available* at the proper area in order to be of use. All pills and capsules have to dissolve into liquid form *before* they can be absorbed and assimilated. Some people with weaker digestive systems (and digestive ability often weakens with age) don't fully break these down and the result is only partial or no absorption, so the pill or capsule doesn't do much, if any, good.

At Natural Vitality we begin with liquid. There is nothing to break down. The nutrients are naturally engineered for bioavailability. For those who have trouble swallowing pills and capsules, a liquid avoids this problem altogether. You also get fast action, as you don't have to wait for supplements to be digested.

*Organic Life Vitamins* is a food-based blend of

## 24 Organic Fruits and Veggies

Fruits and vegetables are fundamental nutritional factors in a healthy diet. *Organic Life Vitamins* incorporates organic **superfruits** (pomegranate, açai, goji and noni) and **fruits** (tart cherry, raspberry, strawberry, cranberry, banana, blueberry, apple, aronia berry and sweet cherry), plus organic **vegetables** and **sprouts** (carrot, pumpkin, pea, spinach, tomato, broccoli, broccoli sprouts, onion sprouts, daikon radish, kale and alfalfa). We took extra care to use organic produce to ensure no pesticide, herbicide or fungicide residues, chemical

fertilizers or genetically modified ingredients were included in our formula.

## Organic ACTiValoe® Aloe Vera

This top-of-the-line aloe vera is guaranteed to retain biological activity. Aloe is a source of more than 200 beneficial active compounds, providing, among other things, a food-based organic source of naturally occurring vitamins, minerals, amino acids and enzymes.

## Essential Vitamins

*Organic Life Vitamins* provides a range of important vitamins including A, B vitamins, C, D and E.

## ConcenTrace® Trace Mineral Complex

*Organic Life Vitamins* features a top-quality full spectrum of ionic (having molecular charge that allows the element to easily bond with water) trace minerals in a low-sodium formulation, many times more powerful than other liquid trace minerals.

Trace minerals help assimilate vitamins and have a host of other benefits, from increased energy and vitality to supporting circulatory health, bones and joints and providing nourishment for hair and skin.

## Amino Acids

An exciting plus that comes as part of *Organic Life Vitamins* is the incorporation of the Natural Vitality Amino Acids Blend. Amino acids are known as the “building blocks” of the body.

## OptiMSM®

Methylsulfonylmethane (MSM) is a naturally occurring sulfur compound that supports healthy, active lifestyles and benefits multiple structures and functions within the body, including connective tissues and the respiratory system. OptiMSM is premium distilled MSM manufactured to the most stringent product specifications

and rigorously third-party tested to ensure purity. Clinical research confirms that OptiMSM is effective.

## Chromax® Chromium Picolinate

Chromium is essential for a healthy metabolism, especially as you get older. It helps promote healthy blood sugar, fight food cravings and support heart health.

USDA research indicates that the average American's diet doesn't provide enough of this essential nutrient.

*Organic Life Vitamins* supplies you with 200 mcg of Chromax—the #1 brand of chromium picolinate.

## Selenium SeLECT®

Selenium is an essential trace element and a high-powered antioxidant that can help neutralize “free radicals” that may lead to severe cell damage. Selenium SeLECT is a clinically proven organic compound that is rapidly and completely absorbed from the gastrointestinal tract, unlike inorganic forms of selenium.

## The Energy to Enjoy Life

With *Organic Life Vitamins*, you can meet many of your daily nutritional needs in one easy—and good-tasting—sip (or mix it with juice or a protein shake). OLV is also available in convenient single-serving Nutri Packs for travel, purse, backpack or office. OLV is designed to work perfectly with our best-selling *Natural Calm*® magnesium supplement or our *Osteo Calm*® calcium-magnesium supplement as well as our *NutraRev!*® anti-aging energizer. You deserve the best. That's why we've put the best in OLV—and *in quantities that will be effective, not just look good on a label*. We want you to feel healthier and be happier. Join The Liquid Revolution!
